

ATMOS 140

The New Atmos 140 from Realstar !

Realstar is pleased to announce the newest addition to our product line, the innovative ATMOS 140. This 30/40 lb. capacity machine is compatible with all of the popular alternative solvents being used in today's dry cleaning industry, and can serve as both the primary machine in smaller operations, as well as a specialty machine in larger plants.

Its newly designed high pressure Uni Jet spray system features dual nozzle cleaning, assuring the operator of satisfactory results. This new design also will allow the occasional, traditional immersion bath processing for the most highly soiled garments.

- **Safe**
- **Fast**
- **Ecological**
- **Simple**
- **Affordable**

Contact your Realstar dealer today to learn more about the **ATMOS 140**, the latest addition to our product line !

ATMOS 140
